I don't understand how to get back into e-whoring, I usually was able to just make a paypal, e-whore , use the money til it gets limited and rinse and repeat, now, everything requires phone number verification. Stuff like cash app, venmo, etc, are not available in my country. What methods do you guys use where u can still maintain privacy and not have to spend 5€ on a burner phone number?

Looks like Amazon gift card is the way to go for you.

Amazon gift card(s) is the way to go. Be careful, they can claim them back if you just give them pics and block them.
