Thread: [Instagram Engagement Group](#)

Blogger - July 18, 2020, 1:40 pm

Looking for feedback for my new Instagram engagement group so I'm offering 5 slots for free.

This group is on Discord and for Instagram only.

Mother/child, master/slave methods not accepted. You will be engaging from one account only. This is to easily keep track of exchanges.

You MUST provide feedback on the group itself(in the #feedback channel in the group).

Post or send me a convo/PM with your profile if you're interested.

I would like to join if possible.

Can I get an invite link to the discord?
