Haha I'm good mate. I don't search random keywords for a good reason.

sir, with all due respect, those keywords are far from random.

also what is the reason you don't don't search random keywords?

The luck of the draw, don't forget to participate in the next one, it's a \$50 one!

It's actually a good read if you wanna hear about something interesting. Would recommend if you find the time. The blue whale phenomenon was crazy, but intriguing. Surely an internet boogeyman tale, at this point.

Silkroad - July 18, 2020, 6:18 pm

Good job [Canada Goose](#) I hope you enjoy your upgraded status :D

Artisan - July 18, 2020, 6:20 pm

Congrats on the win mate. Upgrades aren't linked to luck though. I won 3 in a row while at l33t and upgraded twice and I haven't won anything since. ?

?aked - July 18, 2020, 6:20 pm

If I'm not mistaken was sort of a game/challenge where a lot of people died

Congratulations on the win by the way. :)

Yea I get it, but even one \$15 win makes it worth it.

Absolutely, Gonna do the whole "lunch room trade" thing. See how far I can roll this.

Got \$25, spent 15, \$10 profit, let's see what I can turn that into.

I like rolling small things into whatever I can, just for laughs, made me rich once before lol

bluud - July 21, 2020, 7:54 pm

Don't think I will ever win a contest haha. But I believe the features from the upgrades are profitable enough :)

Prox - July 21, 2020, 8:10 pm

That's pretty terrific man, congratulations! Warms my heart when members upgrade and they win something from member contests, pretty lucky!

Maybe later on you can be the person that holds contests for other fresh l33ts or ub3rs :)

MightyOne - July 21, 2020, 11:16 pm

Yup definitely worth the upgrade pal!

Im waiting to win btc to upgrade to ub3r, hopefully soon. lets cross some fingers :)

jecoylecocoy - July 28, 2020, 7:15 pm

Now l33t is 30\$, I want to upgrade but can't afford it yet.

Cooligan - July 28, 2020, 7:17 pm

And this is exactly the reason I always tell new members that L33t and all the other upgrades are beyond worth it, the features really do make a huge impact on your forum experience.

Congrats OP, happy to see that it paid off early for you!
