What Is The Artist Rank?

The Artist Rank is a simple way for the public to know that you strive to create art daily. The Artist rank will not cost any money; you'll have to apply for it via your User CP. We are introducing the artist rank as a fun and interactive way for dedicated members to the forum. With the Artist rank, you'll stand out from the crowd with a unique user bar and name color. Don't think of the Artist rank as a paid-for rank. The artist's rank will never cost money.

There will be some requirements when it comes to receiving the Artist rank.

Requirements:

- Must have at least 50 posts. (This number may change.)
- Must make some form of art and provide a portfolio or Art Showcase thread.
- Must have no warnings.

Our Goal

Art Forums is a community of artist who strives to encourage & support each other grow and expand into beautiful creators. Forums typically have a dual purpose – as an educational resource and a place to get answers to questions. For artists, this means learning about art techniques, showcasing art, getting critiques, learning about art promotion, etc. We hope to form an active community of artists willing to help younger and newer individuals get a foot in the door and expand the art that they sell/create. If you are struggling to sell art or struggling to find a specific style that fits you, this is the place for you! We think everyone deserves clear and simple tips when it comes to selling the art you create.

How Can You Help?

ArtForums is an online forum, meaning we need you! Share ArtForums with your fellow friends, artists, even your co-workers! Anybody helps, word of mouth is the best way to help the community grow and blossom into something amazing.

Feel free to share the community via social media as well! Publish a tweet or post a Facebook status! Any way that you're willing to help share the forum will create a more significant community for fellow artists to share and converse.

I'm looking for suggestions or opinions on the current state of the forum. I just finished doing almost everything I have a few more things to work on, but we are up and functioning.

I am hoping to see some faces over there as well, maybe!

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
