Thread: [Shopify - Store Creation & Optimization | \\$100,000+ Revenue](#)

Vitaly - July 26, 2020, 11:48 am

I've decided to open this service up because I've noticed a lot of people getting into the eCommerce space are horrendous at creating an appealing and high converting store.

I'll personally build & design a store for you, centered around your product. I'll be using the debut theme as it's the default Shopify theme and has worked wonders for me before, however if you have any other preference I have a few premium themes we can also use.

You will receive:

Store Design

- I will design a fully functional store for you, including additional Shopify apps

Social Media

- I will setup your Social Media accounts for you (Instagram/Facebook Page)

Creatives (\$75 Extra)

- Optionally, you can have a creative created for you, to use to advertise your product. 25-30s long.

FAQ

Q: Do I need any additional investments?

A: Outside of paying for advertising, if you want me to make the store convert higher, I will use Shopify apps to do so, which can cost money so it's good to have some money set aside to pay for Shopify apps.

Q: How long will it take for you to complete the store?

A: A week maximum, although I aim to have it complete within two or three days.

Q: Do you offer refunds

A: No, I will only refund if I cannot deliver your store within 7 days of starting the creation of the store.

Q: Do you create general stores?

A: No! I will only create one product stores.

Q: Do you guarantee i'll make profit?

A: No. I'm not responsible for not making money if your product sucks or you are inexperienced with advertising.

Price: \$299

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
