Thread: [ALL COPIES SOLD!!!! UNLIMITED CASHBACK GLITCH \(GREY HAT METHOD\) LIMITED COPIES](#)

siniestr00 - July 26, 2020, 5:31 pm

ALL COPIES SOLD

My customers want me to stop selling the method to avoid patching.

So I have decided to sell one of the private methods that I have been using since October of last year. I'm selling it because I don't use it as often and it takes around 30 to 40 days to complete the whole process. I have also started my own fast food restaurant and it takes a lot of my time and energy.

Whats about?

Well, This method uses a glitch I found in a very popular cashback app. If you follow my instructions you will be able to generate thousands of points each day without spending any money. This method was discovered by myself last year, so only the buyers of this method will be applying this knowledge.

Honest review, my first impression is that I'm super amazed and happy that this method isn't str8t bs. You can make a lot of money from this and I would say that, this isn't necessarily greyhat. Yes you are taking advantage of a system, but you are protected.

The more work that you do equals the more money you can make.

I will be doing this method myself and will post results when I have them

Good job finding this bug OP I hope it lasts.

The method is very easy to understand and implement and looks like it can provide a nice side income.

All in all definitely worth the money

Definitely an interesting method and pretty straightforward and easy to do. Has high potential to make back the cost of the method and profit. I will report back with results in 30-45 days.

Answering Some Questions:

How do I get paid?

You will be able to cash out the funds in the form of gift cards including Amazon and many other mainstream retailers. I will also teach you how to trun the gift cards in cash but this option is only available for US members.

Does this Works World Wide?

Yes, but you will only able to get gift cards.

Is there any additional investment?

Yes, you will need to spend around \$25 to get some resources

How much time do I need to invest to get earn \$1000?

Around 10 minutes daily will provide you with around 7,000 worth of gold or the equivalent to \$70. If you invest more time repeating the process you'll be able to accumulate more gold.

Why is this Grey Hat? How risky is this?

Well, let's say you are going to break the rules of the website that pays you but you will NOT be doing anything related to carding or defrauding other people.

Is there any limit?

Well, not really. There are certain limits for each try to work but you can do as many times per day

No need to talk with other humans or any kind of interaction. You just follow certain instructions and repeat the process as much as you can.

dwalael - July 27, 2020, 9:06 am

In the thread you say 10 Mins to get 1k. Is that because there is a limit how much money you can earn daily and it will take several days to earn the 1k, or because you straight up earn 1k in the 10 mins.

siniestr00 - July 27, 2020, 9:11 am

If you only dedicate 10 minutes a day you will make \$1,000 without a problem. You have some

limits in the amount of gold you can earn everyone you do the method. but you can just repeat the process again and again, so there is not a real limit on how much you can earn.

Will this be just placing orders and cancelling them on site ? And selling the giftcards elsewhere?

If it is then I got a feeling that after those pending days go by they'll contact merchants and check if order was cancelled and they'll probably not release/approve the gold, maybe I'M completely wrong on what I'm saying but this was the only way I saw myself making anything with Honey, it's the only way it works; Making purchases you'll make Gold. The issue here is if that's the case.. Money is needed to perform this even though it will be refunded as you cancel it.

My thoughts exactly. I fear that pending gold will be reversed/cancelled. That's literally the only reason I haven't purchased this. Just seems too good to be true and OP already made some nice money from sales too.

If it works I will be sad though, but I'll keep an eye out for people who bought it and waiting for pending gold to be released.
