Information

How many times did your potential buyer request a custom picture including piece of paper with message written on it?

And how many times you got a bad quality work that resulted in your potential buyer ignoring you?

I'm here to make it all go away and for you to finally start making money by convincing your buyers you're a "real" girl.

With over a year of experience in manipulation field, my skills will be everything you need to make that big buck. I know every possible tip & trick to make those verification photos look as legit as possible.

This works for, but not limited to: Reddit

Snapchat

KIK

Social Media

Other verifications

DO NOT be afraid to contact me for inquiries. I can do 99% of work you'll need done.

Previous Work

Keep in mind that I haven't saved most of the pictures. I've did way more verification than that and so far every one succeeded.

Price

Price will be \$10 per photo which is very cheap considering that in 99.99% cases it will succeed.
For bulk rates, please contact me.

Get in touch

Do not hesitate to contact me for your inquiries. I'm online entire day either on PC or mobile so I will answer your message immediately with exception if I'm sleeping.

Sure thing.

Still offering 2 vouch copies! ?

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Hi, would you also make/manipulate photos to get a profile verified? im just having trouble to get profiles verified on Lovoo, there you need a picture of the girl (would just take a girl that got another verification photo for reddit or smth already) and write a code+name on the picture
