DUDE ROFL! . I am dead.

@OP we don't work for feedback. You pay us and probably a lot. Hacking is illegal.

OP is most likely 12 years old and knows nothing about computers besides how to write html code.

Bro, you need to answer the questions in order to get some help. If you don't say what you actually need, well, then how do you expect to find it?

Also, what ever you do, if money is involved, don't pay anything to anyone upfront, use the contract system here and use a middleman.
