Thread: [Thread Reminder: Do you know about it?](#)

Xerotic - July 30, 2020, 11:53 am

Do you know how to set a reminder so that you can be notified about a thread automatically at a date you choose?

(click the gear)

(choose a date to be reminded about the thread)

Who wasn't aware of this feature?

123 - July 30, 2020, 11:54 am

I have been using it quite extensively since its launch.

Thanks for introducing!!

Limitado - July 30, 2020, 11:55 am

Wow never knew about this feature! Can be helpful to people who "posting to come back later too"

Exalted - July 30, 2020, 11:55 am

I was not aware, but this is very useful. I'll be using this. Thanks!

I think it's good for giveaways to remind you to go back and close and roll the thread or whatever you might be doing

Artisan - July 30, 2020, 11:55 am

Honestly didnt know about it before now. Seems like another awesome feature.

Was it always there or did you just add it? ?

Big E - July 30, 2020, 11:56 am

I didn't know about this. I knew you could subscribe to a thread to be notified about new posts, but didn't know you could set an alert for a later date. Is this a MyBB feature, or one built custom for HF?

It's been around for a few months.

Custom built. Entire notification system is 100% custom built for HF.

MyBB does have a default thread subscription system though, doesn't it? Or is that email only?

Blockonome - July 30, 2020, 11:58 am

I did not know about it, however, now I do know about it! :)

Prox - July 30, 2020, 11:58 am

I've known about it for a bit, but I feel like if I check back in a few months the thread will already be semi-dead and I don't want to bump dead threads.

SIM-611976 - July 30, 2020, 11:59 am

Might be useful for giveaway threads and such and yea I never knew :p

itcorp - July 30, 2020, 12:00 pm

I noticed this option, but I never really tried it somehow I had no need for it. But I will definitely give it a try bud.

My personal opinion is that if you have something valuable to add to a thread, it's never a bad idea to bump it, as long as it's not literally 10 years old or something.

So this could be used let's say for the daily post for the ninja award?

So I would set a reminder for tomorrow, tomorrow I post and set a reminder for the next day and so on?

Interesting, didn't know about this.

MarvinMalware - July 30, 2020, 12:37 pm

I actually use this feature all the time, I love it! :)

I don't think so, because I think the thread needs to be created to set a reminder for it, and the daily check in thread isn't created until the mornings of each day.

Xander Caddy - July 30, 2020, 12:42 pm

I never knew about this before. Just checked and its very and handy for people who wish to come back to a thread later.
