Its good that Vaccines are created and tested that when injected into people, the vaccine instructs cells to make proteins that mimic the outer surface of the coronavirus, which the body recognises as a foreign invader, and mounts an immune response against.

I hope this pandemic ends soon and we can all get our lives back to normal.

A man goes to the circus. After the show he speaks to the manager and asks for a job.

redi - August 4, 2020, 8:26 am

Adding another entry. Here's a very good joke I saved the other day and posted in another thread:

A guy calls a company and orders their 5-day, 5lbs weight loss program.

The next day, there's a knock on the door and there stands before him a voluptuous, athletic, 19 year old babe dressed in nothing but a pair of Nike running shoes and a sign around her neck..

She introduces herself as a representative of the weight loss company. The sign reads, "If you can catch me, you can have me."

Without a second thought, he takes off after her. A few miles later puffing and puffing, he finally gives up. The same girl shows up for the next four days and the same thing happens. On the fifth day, he weighs himself and is delighted to find he has lost 5lbs as promised.

He calls the company and orders their 5-day/10lbs program. The next day there's a knock at the door and there stands the most stunning, beautiful, sexy woman he has ever seen in his life. She is wearing nothing but Reebok running shoes and a sign around her neck that reads, "If you catch me you can have me".

Well, he's out the door after her like a shot. This girl is in excellent shape and he does his best, but no such luck. So for the next four days, the same routine happens with him gradually getting in better and better shape.

Much to his delight on the fifth day when he weighs himself, he discovers that he has lost another 10lbs as promised. He decides to go for broke and calls the company to order the 7-day/25 lbs program.

"Are you sure?" asks the representative on the phone. "This is our most rigorous program."
"Absolutely," he replies, "I haven't felt this good in years."

The next day there's a knock at the door; and when he opens it he finds a huge muscular guy standing there wearing nothing but pink running shoes and a sign around his neck that reads, "If I catch you, you are mine."

Pretty sure anyone can copy and paste a few stories or quotes and make them HQ. I'm positive

Zero wanted to keep those "2nd entry, less gooo boys" posts out of the thread hence the rule.

If someone's spamming useless posts, they would be considered LQ as well.

This one got me pumped about looking into interesting facts and I came across this:

"At first, it sounds like one of the silliest laws ever: in Switzerland, you're not allowed to own just one guinea pig or parrot. The reason for this is that they're social species, and they are considered victims of abuse if they aren't able to regularly interact with others of their species."

Did a bit of fact checking and seems to check out. ?

A HQ Addition for you all, if you need to wash a box of food you brought back from work and its very oiled, instead of washing it and scrubbing hard -> just throw a napkin inside and a bit of water and soap, and shake the box (WHEN CLOSED LOL), the napkin will soak all the oil and leftovers :)

During the cremation process of a 500 pound body, the corpse was so obese that it set the crematorium on fire.

"The body was so obese that the actual body fat came off and went straight up the sack and hit the roof material, the rubber roof we have up there and that's what made it go up like it did," an employee there told NBC News at the time. "Once it started, the grease hit the roof and started the fire, the only thing we could do is dial 911 and get the fire department here."

That fire, on the eastern side of the state, reportedly took first responders a half-hour to extinguish and caused damage to the facility's roof and furnace
