I have been cheated, cheated me 150 dollars, I want to expose him Why would you go first when you were more trusted. Also, why didn't you use a middle man. Sorry for your loss.

Just curious, but what did you buy?

This. Be careful when dealing with fresh accounts, he joined a few days ago and isn't upgraded. Always check their profile, if you're insecure regarding the deal and they will not go first use a middleman they're often free!

What I think is rather funny is that you sent this amount of money to a guy who joined days ago and has zero marketplace activity. You asked me about a \$80 deal regarding something else yesterday and then refused to deal with me even though I offered you [Zero](#) as a middleman??

Lol OP must be a noob.

Brother, I was dealing with other business at the time, and I will also say sorry to you. Sorry.

[lostcc](#) just as a heads up, it'd be better if you could include screenshots of the chat history in your original post. We don't want to have to download your images to see the chat.

You have to click "New Reply", or edit a post using "Full Edit". :)

Also Shaivya was looking at this thread.

Go to imgbb.com and upload them. You should see a box to select "forum BBCode" copy and paste that into your original post and you'll be done.

If there's lots of images don't forget to hide them in spoiler tags.

You need to copy the image link in the [img] tags. They end with .png, .jpg etc.

Sorry for your loss OP, but you shouldn't trust any new member by going first, then use a middleman here which you can usually do for free.

I hope HF releases the scammers IP and closes it.
