Thread: [\[LIMITED TIME OFFER\] 99% WIN SOCCER GAME - MAKE OVER 65% ROI IN 2 HOURS- REFUND](#)

Vichenzo - August 3, 2020, 6:08 am

Hey everyone !

There is 1 soccer game that is going to be held on 5th August. I have analysed this game for a very long time and I'm 99% sure it will win (would say 100% but since it's betting I can't).

The odd for the game is 1.70 which means if you place \$1000 bet on it you will win \$1700 (700 profit).

I'm willing to sell this tip to those who are interested in having a high chance to make easy money.

I will help you with placing the bet.

Note: this is still betting, I can't guarantee that the tip is going to win but I'm extremely confident in it.

I will be also putting over \$1000 on the tip myself.

I may do this again in the future if I'm certain a game is going to win

Incase the tips loose- I will be providing refund to everyone purchased !

Price for the first 3 people is \$150 BTC -2/3 Left

After that, it's \$200 BTC

If the tip loose, which is really unlikely.. I will loose too, as I'm going to place a bet myself.

But to make it better for each customer - if the tips loose, I will refund 50% of the amount you paid me. Therefore if a user is trusted and reputable, he can pay me 50% in advance and 50% after the game is over and is a win :)

There are plenty of platforms where you can do it :)

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,

I'm 99% sure I know which game you are referring to. GLWS

Let's be honest.

Why would anyone ask for payment before the game? Is this forum instagram/fb level?

99% sure this is his 2nd multi. Plenty of evidence if you search both of the users a bit. I was actually sure it was him even before I saw he "bought" this. Lol

Edit: I am pretty sure I have spotted his 3rd multi as well.

It was Inter Milan vs whoever they were playing that week. Like I said, I knew what the game was before.

The game was Inter - Getafe, and the bet was Inter to win the game.

But did you win?

Inter won the game, but I didn't even place a bet because things got fucked up around this guy and I decided not to lose more money.
