Thread: [B-Rating vs Contracts Completed](#)

do?pey - August 3, 2020, 10:20 pm

How do I have one extra stat on B-Rating than on Contracts Completed?
Don't you need to mark a contract as completed to add a B-Rating?

?

bluud - August 3, 2020, 10:23 pm

Maybe because this guy is closed?

Highly doubt it.

Only user in all of your contracts that is closed, so it's my assumption, although I am quite curious to see if there is another explanation.

Squanchy - August 3, 2020, 10:34 pm

It's because you have a contract that the other user marked as complete and b-rated but you haven't marked as complete yet. Go through your open contracts and you will find it I'm sure

This is very likely the case, didn't think about that.

Yeap, it was this one.

Was certain I had all contracts marked as complete though.

Thanks for the help.

I agree with this.
