Thread: [\[Free\] Professional Cyber Security 9 Trainings \[worth ~3000\\$\]](#)

Slevs - August 4, 2020, 7:40 am

Hello again.

In the trainings, you are gonna learn...

1. Cyber security analyst training
2. Cyber security advanced test detecting techniques
3. Cyber security Malicious software detector
4. Cyber security source code defender
5. Cyber security threat intelligence research
6. Cyber security web application defender
7. Cyber training 365 certified ethical Hacker
8. Cyber training 365 computer hacker and forensics
9. Cyber training 365 kali 101

If you are interested, drop a comment saying "would like to have one ?" + why you want to learn it. I will send you the link as soon as I see it

Cheers

PetiteBoulette - August 4, 2020, 7:42 am

Hello man.

Can you send me the number 3 please ? Its a ebook ?

Thanks you in advance.

EDIT : (Leecher Copy/Paste)

Its shared on some other forum and on FACEBOOK xD is free dl.

Why you just don't share the link ?

would like to have one ?, I would love to how can i secure myself

ColdCypher - December 21, 2020, 8:20 pm

Would like to have one ?. Am really trying to manage to study and have concerns concerning my own PC security. Please let me know if this is still available.

Game - December 22, 2020, 1:14 am

If you still have this, I would like to have one ?

I know the original MEGA folder is now down. Hopefully you can provide it still.

Babastars - December 26, 2020, 10:25 am

hello sir could you please send me the course cause i am in need of it for work and carrier thanks in advance

MikeTechSecurity - January 27, 2021, 9:00 am

If still this available? I love to know this .. I'm in college for cyber security

Smoky - January 27, 2021, 9:30 am

Hey Slevs it's possible to have number 2 please?

Thank you in advance !

rousey - March 11, 2021, 6:49 am

Thanks for sharing would you mind PMing me this?

SIM-4960838 - March 28, 2021, 12:24 pm

If the link is still available will like to have one need to teach some folks a lesson.

would like to have one because i currently can afford to pay for a course and cyber security training is something i deeply desire.

Nosensese - September 11, 2021, 3:41 am

Would like to have one, I want to do targeted traffic
