The Amazing Sinner - August 8, 2020, 12:11 pm

Fancy thread, looks good to me, are there any VC's available?
good luck with the sales.

Zoomers - August 8, 2020, 12:13 pm

Do you have past earnings that you can show?

FluMist - August 8, 2020, 12:20 pm

Now I'm willing to put the work in, but I have no idea what this would be doing. Could this still be for me? What are the payments through?

Hey there, thanks for showing interest!

Unfortunately we do not offer any vouch copies at this point.

Hello, I added a few proof of earnings in the thread.

Hey there, thanks for showing interest! Happy to hear that you would be willing to put the work in. We are working on an interactive promotion video, that will explain from A to Z what it is all about, until then feel free to ask any questions you may have.

Payments are collected through what ever is convenient for the client. Often it is Paypal or Stripe or other popular payment processors (because it looks most professional)

We provide full training, and if you are one to put in the work you will see amazing results.

Can you assure me this won't get dissolved in less then a year of signing up like your last venture (OnTheHouse) did?

Short answer - yes. We are here to stay.

On The House had a good run and still offers it's services. (just no longer takes on new clients) There were some issues with the ownership and wrongdoing of a single individual within On The House (the original founder and CEO) that led it to fail.

I do remember you. If you are interested in My Agency Builder - this is under the sole ownership of myself (partnered with Deal) and provides MUCH less risk, and is put together much better than On The House was. (naturally, while this is an actual business model and On The House was a high risk - high reward forex trading education company.)

I would be willing you provide you, and anyone else who also joined On The House a large discount to our Masterclass as a token of gratitude and appreciation of your overall understanding and interest in My Agency Builder. ?

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
