Thread: [AUGUST 20 - SEPTEMBER 20 ESEA ban wave incoming!](#)

Hanes3399 - August 7, 2020, 1:11 pm

According to a trusted source, ESEA has at least 3 big names from rank G and/or S already on the ban list. Very interesting. They might delay it a little bit and issue the bans on September. We have to wait and see.

Very exciting. Hold your ?

PingersAndMash - August 7, 2020, 11:37 pm

I wouldn't say so, getting money from esea is a lot easier than faceit and the leagues, thats the only reason to play ESEA

I'm from eu and I know of no hubs except the FPL hubs that give straight cash payouts

ESEA is booming. FACEIT has admins who cheat, it's your typical 2008 public 1.6 community.

Don't say another word.

A platform's total number of active players has nothing to do with its client's efficacy at handling sweet bans. Not to mention, ESL will soon be handling the same bans.

Have an ?

Xgammer22 - August 16, 2020, 7:01 am

No one cares about ESEA's client or anticheat, stfu.

racooweeesucker69 - August 16, 2020, 7:03 am

nobody gave a shit about ESEA 10 years ago, people still don't give a shit.

Everyone cares. It's the Lambo of anti-cheats, the crème de la crème, the one place you all want but can't cheat in. Why? Because a team of highly trained penguins is always being dispatched to deal with it. They're fast, they're lethal, they don't take half measures. So, what is it that gives away the intruder? It's the smell. The smell of a fresh virgin trying to cheat and cut shortcuts, rubbing its hands together looking at monthly prizes like a Jew staring at gold.

Oh yes, it's that scent. Those angry knife slashes running nervously after clutching with an aimbot. Oh we can smell that, can't we? Little rascals you.

The first time you insert your tiny penis into a vagina, the friction of your tiny penis glands to the vaginal walls is going to cause a premature ejaculation given it's a new "feel" that you haven't experienced before. In other words, you're gonna bust a nut even with half an erection within 10 seconds after your first baby thrust.

You absolute virgins.

Hanes3399 - August 17, 2020, 2:56 pm

So, the police raids the bar we're about to move out from to the villa for the party and then the roads get blocked because obviously someone tipped cops.

Looks like I'm stuck with bad WiFi, elevator music and you bloody virgins for tonight. Who am I gonna headlock first? Step forward don't be shy.

I have just unlocked the predator of all predators, the man the myth the Muslim legend, sworn to fight online cheating. A warning to you all, bans are incoming.

eL kristo de cheateru - August 21, 2020, 6:56 am
