Thread: [Finally Upgraded To UB3R](#)

FXX - August 9, 2020, 12:12 pm

Made the decision to upgrade now since I have been alot more active recently and plan to be in the future. Decided to buy a scratchcard with the 1k bytes you get from the upgrade and lost everything but was my first ever scratchcard purchased so that was fun.

Very happy to be a UB3R member now after 3 years!

Congrats for your ub3r upgrade bro ! :D

I also spend 1k bytes on scratchcard but fortunately I got my 1000 bytes back.

You're not allowed to brag about upgrades I'm pretty sure.
