Thread: [Shell Gas Method - Get Gas at Any Shell Gas Station For Less Than \\$1/gallon](#)

John F. Kennedy - August 10, 2020, 8:04 pm

LIMITED COPIES

Only selling 5 copies due to possible saturation. If the method isn't passed around to everyone, it will keep working for the foreseeable future.

I've been using this method for the past 3 months now.

Price per gallon will vary depending on gas prices, but it will always cost less than \$1.00 per gallon.

DOES NOT WORK IN STATES WHERE YOU CANNOT PUMP YOUR OWN GAS
United States only

Involves no social engineering, any human interaction, etc. You get to the pump, fill up, and leave.
Not blackhat, no cracking, hacking, or anything illegal is involved.
DOES NOT INVOLVE USING CRACKED FUEL REWARDS ACCOUNTS.

Pictures from me filling up:

No vouch copies due to the high value of this method (you will be saving hundreds of dollars on gas every month)

Price: \$150 per copy
Available Copies: 5 copies are available.

Accepted Payment Methods: Venmo, Cash App, Bitcoin, Litecoin, Ethereum.

If you have any questions please PM or reply to this thread, and I will try my best to answer without revealing specifics of the method.

Champagne Papi - August 10, 2020, 8:21 pm

Is this a bug/glitch or is it a whitehat method?

Verdande - August 10, 2020, 8:22 pm

Would be helpful if you put "US Only!" In the title, shell is such a multi-country gas station.

Fellow Man - August 10, 2020, 9:23 pm

Interested in this PMing you now.

That would be nice, Canada is left out for pretty much everything

Noble - August 10, 2020, 11:07 pm

I'm definitely interested. Will keep an eye out on this thread

The Director - August 11, 2020, 12:15 am

Highly interested but do you see this being patched anytime soon in the future?

No, as this is not from any sort of promotions. Selling limited copies to prevent it from being patched.

Hollow™ - August 12, 2020, 2:12 pm

Gave this a go and purchased it. OP went offline after payment was sent, so I'm still waiting for my copy. Will keep everyone updated.

racoonweeweesucker69 - August 12, 2020, 6:32 pm

Lol would to get this if I was a murican, but I'm not. Good luck with selling though.

SkimTek - August 12, 2020, 7:30 pm

This works on any gas at Shell? 93 included? Or only 87?

Michael_ - August 12, 2020, 7:34 pm

Interested in this, is this the same as the old referral method (fuel rewards) that was being sold on here about a year ago?

(Aug 12, 2020 06:28 PM)Snyke Wrote: [\[CITE\]](#) Only at ESSO unfortunately.

ESSO method only brings it down to 79c/L

I'll check to see if its still working.

79c/L for regular I'm assuming, which is around 10-20c off of current prices. Better than nothing, I'll take it. If you need someone to help test in Canada let me know.

Id also love to know prices for Premium 91 or 93 if possible, or atleast midgrade 89, i dont want to ruin my car with 87 gas lol

Thanks in advance!

Yeah I wouldn't recommend. I'm assuming it's just a general 10-20c off of any gas type but need OP to confirm.

If its all of Canada, it'll save a good 40 cents/L for me for regular. Id be willing to test/buy that, bonus if it works for 91

(Aug 13, 2020 10:45 AM)Snyke Wrote: [\[CITE\]](#) No longer working. Tried it this morning.

ESSO affiliate deal was 79c/L for regular and had a pinpad prompt for self-serve. Worked all of 2018 and beginning of 2019 but I stopped using regular and switched to 93.

Sorry fellas. ?

Also had a wicked exploit for when sobeys printed the gas discount receipts(spend 20, get 2 cents off per litre) so hopefully that comes around again.

Edit: OP is ghosting Hollow after paying. DWC.That sucks, only for regular so I wouldn't be able to use it anyways.

If something comes out for premium in Canada that would be amazing. Just need to wait and hope something pops up

Hollow™ - August 13, 2020, 11:53 am

WARNING:

Refrain from buying from OP. Op ghosted me for almost 24 hours after payment, I'll be writing up a scam report and doing a chargeback once I'm home.
