I received vouch copy for this product and this is my honest review:

It's a pack of 2 girls. There are more than enough photos, gifs (Clothed / Non-Clothed, nudes, bikinis, outdoors, close up as*, cosplays and many others) and many videos (ftjb, bljb, short videos, mstrb). It's a unsaturated eWhore pack as Backpacks wrote above, I would definitely recommend this. I've checked many ewhore packs, this one will surely boost your sales. It's well organized. I'm pretty sure that you'll be satisfied if you buy this.
