Thread: [New Method Double Dipping](#)

amp. - August 14, 2020, 11:43 pm

just wanted to give back to the community, and I was honestly so surprised this worked.

I was away from snap for a whole week. I never do pity parties, or meet up scams.

that shit is too needy for me if a girl did that to me I wouldn't care, and its not my problem.

You can do birthday method, car, pet, hospital, period, but all those are played out.

This snap user is in my premium, and waited a whole week for a story from me...

I never meet up scam cause why scam someone that proved they will spend \$ on you?

Are you in for the race, or the marathon? You can milk your prem members endlessly.

The Method:

If you intend on getting \$100 from someone do it for \$50 then get them to think this is "too cheap"

I priced a dropbox for \$30, gave a brief pity backstory how I got banned, and I need motivation to do a story.

The guy was willing to pay \$60 instead to "support" and join my pity party seeing the value w what I offered.

You can see in the pic that this guy was telling me to know my worth, and I can tax double, so he paid it.

Once you get confirmation that they are willing to pay just talk super slutty like shit a normal girl wouldn't say.

The kind of shit that you wouldn't even want to say cause its so gay. basically pre sext them...heres the before/ after.

I was able to milk an additional \$400 out of him before this on aug 1st, so here's proof you can milk milk milk. ???

Please comment if this helped you, or if I should post some more methods. If anyone asks I use Stripe w my own domain.
