Currently not available for new projects!

Even though the thread art states that I'm a student, I'm not anymore. Graduated as M.Sc.Eng in computer science (civil engineer)
Currently only taking BTC!

Terms Of Agreement, which you accept when working with me: If you have multiple (small) projects/assignments: I have to be paid for each part of the whole, after completion of one part.

What you're using the software for, is your issue. I do not take part in action nor am I responsible for the consequences.

If I'm doing a school assignment then I am NOT responsible for trouble you might get with it (plagiarism and such).

No malicious use/ grey/blackhat (account creators, bruteforcers, crypters, ...).

I can cancel any project while working on it. In that case, you will get a full refund.

The TOS can change over time. You will not be personally noticed but you will still agree with them if you decide to take use of my services.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first

post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
