Thread: [is it possible to portforward without router admin pass for RATs?](#)

AnGrY Bo - August 17, 2020, 10:13 am

Hi guys

am temporarily using neighbours wifi I was wondering if it's possible to portforward for a RAT without router admin access?

Thanks

You will need to use vpn in this case.

use a vpn with port forward ads-on.
example ra4wvpn.

don't use ra4wvpn
port forward not working

go for surf protector \$2 per month

<https://sourceforge.net/projects/upnp-portmapper/>

It work great for me but you need to have java installed and you don't need any router access
