Thread: [A message from el Riz and ESEA regarding rolling and incoming bans](#)

eL kristo de cheateru - August 19, 2020, 8:52 am

We scan and we flag and we do what we please
We ban all that we want for free
We'll kick your as\$
And r*pe your lass
ESEA developers we

So with a yo ho ho
And with a yee hee hee
We take to the gamer sea
We'll brave the squalls
And bust your balls
ESEA developers we

We left our homes and we left our mothers
To go on a module spree
We'll cut off your ears
And break your toes
And make you drink our pee

And if you sail into our waters
You best hear this decree
We'll take your aimboat
Set your as\$ afloat
ESEA developers we

With a yo ho ho (yo ho ho)
And a tricky lah-tee do (tricky lah-tee do)
We'll shoot you in the face with glee
Then we'll cut off your c*ck
And feed it to a croc
ESEA developers we

PS: I do Judo since I was 5, don't come any closer
