Thread: [What's your experience with HF Scratchcards](#)

Shiny Diamond - August 20, 2020, 1:56 pm

Bought x 2 (one for 1000 Bytes, one for \$10 BTC). Didnt really expect to something big, just wanted to see what it looks like. If you wonder how it ended - I scratched one big fat nothing :D . Did you have any luck with scratchcards? Lmk

Dopamine - August 20, 2020, 1:58 pm

Already bought 1x 1000 bytes scratch card and I just get my 1k bytes back

Never tried it. Im not into random gambling. Im more of a poker guy than blind betting like scratch cards.

Lavish Living - August 20, 2020, 2:04 pm

never buy the 1k bytes ones.

they are trash

i've scratched like 3k+ scratchcards... overall they are trash.

The best ones by far are the \$100 ones. Wait until Omni does another BOGO scratchcard sale. I've scratched maybe 20 or so \$100 cards, and hit 250k bytes twice. In 20 tries. Maybe 20-30 tries idk. Long time ago

Nah not really. I've seen a couple of people win over 200,000k playing them, I decided to try my luck.

Ah didnt know the 1k ones are that trashy. Might try couple of \$100's in the future to see how it goes.

Yeah, I was curious, so I jumped into it, but afterwards I looked at the odds and decided it was fucking stupid.

I did most my Bytes gambling in 2018 tbh... when bytes were hype. I haven't done that much at all in 2020. Ever since I lost 500k bytes on sportsbook bets last football season zzz

yeah i did mostly 100-1k bets.

probably net like -400k profit on slots.

phunted - August 20, 2020, 3:41 pm

I've barely made any profit of scratchcards, just not my way to gamble bytes.

The odds are also quite low.
