I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Could you please post a screenshot of how extracted data look like ?

Is it in csv format or txt file ?

Dark Tube stores all scraped data in its own database but can be downloaded in a CSV format at any time, you can request a trial to check it out for yourself.
