Thread: [Shoe Botters / Sneaker Botters / Coppers / AIO Botters / Supreme / Yeezy / Nike Proxy](#)

Proxies.tv - August 22, 2020, 1:24 pm

For all the shoe botters out there that need massive amounts of residential land lines and 4G proxies, I have developed a massive number of U.S. residential land line proxies as well as U.S. 4G proxy networks. All proxies are bot certified, each node contains 500 mixed U.S. residential land line proxies as well as 4G proxies, protocols supported are https and socks5.

IP's are session sticky for checkout. Nodes are updated with new proxies every 24 hours.

Supported Shoe Bots:

All AIO Bots
All Supreme Bots
All Custom Bots
Multi-Login (MLA)
MEMU (for emulators)
NOX (for emulators)

Trials and test runs are ok and can be requested.

Pricing:

1 Node (500 proxies) per 30 days access: \$500 USD
2 Nodes (1,000 proxies) per 30 days access: \$900 USD
3 Nodes (1,500 proxies) per 30 days access: \$1,300 USD
4 Nodes (2,000 proxies) per 30 days access: \$2,000 USD

U.S. ISP's included:

Sprint PCS 4G
Verizon Wireless 4G
T-Mobile 4G
U.S. Cellular 4G
AT&T Mobility 4G
Comcast Cable
Spectrum
Mediacom
Frontier
Suddenlink
RCN Cable
AT&T U-Verse
Verizon Fios
Verizon Internet Services (DSL)
Optimum Online
CenturyLink
Hughes Satellite Internet
Cox Communications

WideOpenWest
