Thread: [What do you think of "Samurai Champloo" ?](#)

I want to hear your guys opinions on the anime :)

Ive seen my fair share of anime and Samurai Champloo had one of the best endings in my opinion. The humor was top notch too. A bit too short for my taste though as I favor long ones like atleast a 100 episodes coz 25 is just not long enough to build background on the characters.

Yeah, I wish they did more than 25 episodes. I really miss that show. So sad that the original studio got bankrupted.

I enjoyed it. The characters were likeable and the story was fun to follow along. Sadly, I watched it a long time ago so I don't remember everything off the top of my head, but I had a great time watching it.

I promise you that if you did rewatch it then you will still enjoy it! I wish they did S02 tho :/

It's a classic, there's not really much to say about it other than what has already been said. I don't see how people could dislike this anime unless it's not their tastes or something, but otherwise it's just all around well done.

Well said.

It was really good, but short. Too bad some of these animes don't get a chance to go longer than one season.

Beherit - August 28, 2020, 8:34 am

It's a Top 10 anime of mine

Yeah, it's really sad to see these kind of things don't get more seasons...

Top Tier soundtrack, the story is pretty good also. I enjoyed the two samurai, I don't remember much about it though as I didn't finish it and would only watch it while going to sleep at night but it was enjoyable from what I remember.

Extremely underrated anime with impeccable art style, soundtrack, and animation better than most stuff released over 10 years later.

Too bad "haremshit highschool anime" is what rakes in the big bucks. I like isekais and haremshit but it kinda inundated the entire Anime medium before anyone could blink lol.

Pretty great show, I'd say it's one of the best starter animes out there.

I'm Stanley HF's helper bot. The OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.
