Thread: [Threats Steven Schwalbe from HackBud \(\)](#)

SockAmmoticNLVNV - August 26, 2020, 10:27 am

I just wanted to get my opinion out since this is the lounge and Steven Schwalbe, it is not cool to direct threats to Omniscient on here or Hackbud.net.

He has a family and kids.... a familyman, I am sure he does not take threats lightly. Whether they were directed at him or his family... you saying your in the mafia is

I am sure he will kick your ass if he met you.... Vegas mafia... what you mean?

I'm sure you made the biggest mistake by threatening Omniscient even when he posted his current address...

Not sure what point you're trying to achieve here bud....
