PROOF:

Spoiler ([Click to View](#))

I'm posting this brag thread not because of flex (because it ain't that big of a number comparing to what some members earn with EW), but more to motivate fellow members.

Trust me when I say, I've tried all sorts of e-Whoring methods and I finally understood why I could never make significant money with it.

So from my personal experience you need to: Be able to convince people

Be CONSISTENT

A lot of patience

Big shoutout to users [MARIO](#) and [Hugh Hefner](#) who gave me a major tips both on method and traffic for free. Don't PM them please I'm just thanking them publicly cause they helped me finally understand e-Whoring

Also FYI - I don't scam buyers, they're actually very happy with their purchase and tip very often.
