(Aug 30, 2020 03:29 PM)Zoomers Wrote: [\[CITE\]](#) OP gave me a vouch copy. Below is my review of this ebook.

First of all, I would like to say, these methods are supposed used to build something into better. It is true you can make a lot of money off a public method if you put enough effort into it, but there is a 10% chance that you will succeed doing it. Use these methods to build something greater. Out of the 40 methods that were in this guide, I actually do one already. I would give originality 7/10, due to the fact that there is still some methods that I didn't know exist.

You will 100% find value, there is too much methods in here. You will inevitably find one that you didn't know and you can capitalize on that.

In this ebook it touches on every spectrum from white hat -> greyhat . It really depends on how you think of it.

If you are beginning in the money making scene this ebook is a greater starting guide.

(Aug 31, 2020 12:44 PM)disruptive Wrote: [\[CITE\]](#) IN DEPTH HONEST REVIEW HERE

This guide comes with MANY options one can take in order to start making money. NO, they are not some autopilot bullshit, but WILL require some work. Each method is described and includes difficulty level, profit margin level, and the amount of work needed to start actually making money from it. But just like anything else in this world, THESE METHODS WILL TAKE SOME TIME AND WORK. Some methods take little to no time at all, and some methods require some deep work, BUT, they are all 100% WAYS TO ACTUALLY MAKE MONEY.

Each method/guide comes with IN DEPTH STEP BY STEP FOOL PROOF instructions so that ANYBODY will be able to follow the guide in order to start creating a revenue. I truly believe that if someone were to start venturing out on AS MANY OF THE METHODS WITHIN THE GUIDE AS POSSIBLE, they will FOR SURE be able to start generating an income.

The amount / style / genre of all the methods are so diverse that there is almost no excuse for someone to be able to not be able to start making money if following the guides. With 40 WORKING methods, and 100+ pages of in depth writing, these methods and ideas are for sure to generate you a form of income that they can live off of.

With even little work and dedication, the instructions and guides in this book will FOR SURE be able to create not just ONE income source, but MULTIPLE income sources so that you will be able to bring in a good amount of money per month. But again, IF YOU ARE LOOKING FOR SOME MAGIC

MONEY MAKER, THIS IS NOT IT. THESE METHODS WILL REQUIRE WORK, RANGING FROM SMALL AMOUNTS OF WORK TO LARGE AMOUNTS OF WORK.

So far this is the only compilation of methods that are all 100% working, as I have seen other people selling shitty guides with methods that the seller themselves would not even use, but the methods in here are FOR SURE to bring you an income. In fact, I have found some methods within the book to my taste / style and will be making at least a small yet stable amount of income.

High quality in depth guide.

Good luck with sales brother.

(Sep 1, 2020 10:56 AM)Captain Pre Wrote: [\[CITE\]](#) Received a vouch copy, I must say i am honestly impressed by the methods.

Each of these methods are worth \$50-100 each. I am not even joking! Would personally recommend to anyone who is in the market for money making books, You should be able to make your money back in no time.

All the 100 pages of content is filled with raw knowledge without any fillers or huge images that do very little.

Overall a 9/10 for me (I am honestly impressed, I would never rate a ebook on hf this high)

(Sep 1, 2020 11:37 AM)el-plaga Wrote: [\[CITE\]](#) I was given the opportunity to receive a vouch copy of this eBook and I must say I was not disappointed at all. It includes 40 detailed out working methods that have set up instructions, time required, investment required, skills required, and earning potential level for each method. This is perfect for someone that wants to add additional streams of income and the great part is, depending on your situation, time available, or your current skill set, you can choose a method that fits you perfectly.

For this eBook to have over 100 pages and include 40 methods, the quality is high, well written. As stated above each method includes a set up guide and steps for each. Most of the methods even include screenshots to assist you while getting the method started. If additional resources are required for a method, those details are included as well to point you in the right direction.

Regardless of the time, investment, and skill requirement for each method... work will be required on your end to get them up and running profitably in your favor. These are not "Get Rich Overnight" methods. If you're not afraid of putting in a little time and effort, this eBook is for you. Timeframe on seeing a return from these methods depends on the amount of time you put into the method at the start, some you could possibly start seeing some earnings in as little as a few days with some being longer.

I've read quite a few eBooks and I can say that all of these methods are and will work. A hand full of these methods I will be personally setting up for myself. In closing, I highly recommend this eBook. For the amount of information provided and the details included, you can't lose out on this.

(Sep 1, 2020 01:24 PM)Xen Wrote: [\[CITE\]](#) I picked up a vouch copy from [Fonollosa](#) and I wish I would have the chance to try all the methods in this pack to give a full review, but all of these methods will work and are easily digestible in small one page documents with an easy way to view what methods require X amount of time and investment.

If you're looking for something that is affordable with as much information as possible then this is definitely worth taking a look at with the amount of information this contains.

As with most ebooks, this won't make you money within seconds of opening it but if you're willing to put the time and effort in you can easily make the amount of the ebook back at least within a couple

of weeks.

(Sep 1, 2020 03:13 PM)Franz Hopper Wrote: [\[CITE\]](#) I have received a vouch copy and it's impressive the amount of very good methods are on it. It's impossible you don't get your money back and it's a easy way for people that want to start making real money on the internet.

10/10

(Sep 1, 2020 04:05 PM)telly Wrote: [\[CITE\]](#) I was able to grab a vouch copy from Fonollosa and I can say I am thoroughly impressed with the amount of work he put into the book. It comes with 40 UNIQUE methods on ways to make money. While the sale is on and without the sale this ebook is definitely worth more than \$100 because of the quality and great chance of making your money back. Obviously you need to put in the work but I can say this isn't like any other ebook I've seen before.

Some methods I will try myself because of the quality of them and I do expect to make profit. They are a mixture of blackhat, greyhat and whitehat with blackhat being the most profitable overall. With caution you can make a lot of money using the blackhat methods but if that is not your cup of tea you can always use the other hat methods. That is the beauty of this ebook is that is killing all other ebooks and basically making them outdated as this holds 40 METHODS. Thank you for reading this and hopefully it brings you to purchasing it.

(Sep 1, 2020 09:34 PM)N S X Wrote: [\[CITE\]](#) I was given a VOUCH COPY by @Fonollosa@.

At first glance, the book looks extensively filled with information, with a decent formatting and layout that makes it easy on the eyes.

The 101 pages might seem daunting, but he has done a great job of properly writing it to ensure flow and consistency.

Grammar: 8/10

Grammar and sentence structure is all there. I could barely spot anything wrong, and the only thing I could see were occasional typos or missing letters.

Formatting: 7/10

Format follows a simple layout, that employs the use of proper flow and paragraphing.

Aesthetics: 6/10

Aesthetically speaking, it is pretty decent. The texts might be too clustered at times, but it is what you're paying for. Honestly, this aspect really doesn't matter.

Content: 9/10

Now this is where we get to the meaty details.

There are a total of 40 methods within the contents of this eBook, each claimed by him to be personally tested and written by.

They are not tested firsthand by me, but they seem to be legitimate, and earning money is definitely possible with these methods.

Many of the methods range from low difficulty wherein anyone can pull off, to harder ones that require coding skills or setting up a proper website.

Most of the methods do not require monetary investments, or just simply a really small amount.

So, you would definitely make your money back by purchasing his eBook.

Final Comments:

All in all, this is definitely something worth picking up if you are one who wants to put your income in your own hands. From white, to grey, to blackhat methods, it's up to you what you wanna do with this valuable piece of information that has been properly condensed and formatted for you.

(Sep 2, 2020 01:38 PM)Stormstrix Wrote: [\[CITE\]](#) Thank you for the vouch copy! Below is my review of the product:

Content -

This ebook is unlike any I have ever come across. Not only does it include in depth instruction on how to perform using these methods, but you will also be spoiled for choice. You'll come across a variety of options to making money online, which are assured to work with a bit of time and dedication. Even newbies will be able to pick up the majority of methods used in this ebook due to the amount of information included.

Knowledge -

Fonollosa has clearly put the time and effort into making sure these methods work by performing them himself. As he has had years of experience combined performing these methods, he was able to communicate clearly how to perform and achieve maximum results.

Layout -

The layout of the ebook is straight forward and easy to understand - however there is a lot of content, so be sure to take your time and not get caught up in skimming through them all.

Overall -

This ebook has impressed me. Solid 9/10 as you are assured with persistence, you will succeed.

Thank you again!
