- Have had this method for about 4 years now and will always continue to work.
- Uses sports betting method via online gambling.
- Payout can be thru BTC.

I haven't put effort on a sticky in this method in a while (also is in secondary sellers, which generates less sales) - but if you market is right it can have great potential.

You should include some more information in this. Is it an auction or do you have a price for this? Any proof of earnings from the method?

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
