And got a freagle..

As far as I knew these were only from the 4th of July eggs, is there actually a freagle drop chance from a green egg?

bluud - August 30, 2020, 5:18 pm

I'm confused, can I stack green eggs on top of him or is it just one and done?

Are you sure about that? How can I not find it then? And how is it possible your green egg is stronger than my Ruby 6x stacked lol

Because I got the low freagle drop chance :)

I already killed 2 hums with it lol

Stack it with more emeralds and you'll have a proper beast! Lucky you!

So I can stack typical green eggs on top of it? Wish I would've known/thought about that before already taking it out into battle and leveling it.

Yes, I think you can, not a hundred percent sure though. If you can, stack it so it becomes even more powerful.

Yeah that's intentional and is considered to be pretty rare. This is the first post I'm seeing of this happen so I assume you're the first to get it from a regular egg after all these weeks.

And got a freagle..

As far as I knew these were only from the 4th of July eggs, is there actually a freagle drop chance from a green egg?

Wow, if you stack it with more green eggs it would be more stronger :)

I miss the game. Had spent a bunch on lotteries to buy red and stack em up. Now all of em dead :(

Geass - September 1, 2020, 6:50 pm

I am regretting so much for hatching my 4th July egg, was told it would last a week but more than a month passed and it still exists.

Didn't worth to throw this award :(

Same feeling when I have hatched my Independence egg as well brother...now I don't have it on my account as a beautiful egg award.

I guess we have to wait another year for that one again :D

Keep trying on Greens/reds bro. People are getting Freagles out of Greens/Reds as well.

I lost my level 44 Freagle a month back, I can understand the feeling lol.

I got my freagle out of a green egg so I'll just do it again :)
