What was the side-scroller NES game that let you shoot people who were chained up to walls and also people in wheelchairs?

BadGateway502 - September 2, 2020, 5:41 am

I don't know, but I want to know too ...

It must of been an unlicensed Nintendo game.

okiedokiedokie - September 8, 2020, 12:44 pm

There was a game on the MAXI 15 cartridge which it could be? You saved your girlfriend who at the end of each level lost some more clothes and was chained to a wall.

Chiller was on MAXI15.

Really sick game at the time.
