Thread: [Selling Private High Quality E-whore traffic & method](#)

Lil Baby - September 2, 2020, 4:16 pm

Hey there,

I am selling a private method that was found by me personally for e-whoring. I understand I am new to HF and I do not use this forum often but I have been apart of e-whoring for several years across different forums and have done tons of similar services in the past.

Here is what I am offering:

TRAFFIC

For people interested strictly in purchasing traffic for their ewhore.

How does this work?

You will supply me with pictures from your e - whore and I will gain tons of traffic to your e-whore myself. Will be a several day process.

This is HIGH quality adds. I will be able to redirect all of them to your e-whore whether that is on Snapchat/instagram/whatsapp, etc! From there on it is up to you to e-whore them. I promise you this is very high quality adds and probably the best traffic you will get.

This is not through instagram/[BRAND NAME REMOVED]/dating websites/facebook/twitter ETC, this is a private method found by me.

I have used this traffic source for a while now and I still have not seen any discussion on this source anywhere.

I am guaranteeing at least 50-100 adds per traffic bought but you are on average looking at about 100-300 HIGH QUALITY adds.

This is HIGH quality traffic and I am able to source them out of any city/location that you wish your e-whore to be in.

Price:

\$50 BTC every time you buy traffic.

Why would I pay \$50 for traffic?

This is for people who know what they are doing with their e -whore. I am selling extremely high quality traffic that is guaranteed to bring you profit if you know how to e-whore. You can EASILY make back \$50 with this traffic source. I know this because I have e-whored it myself, you will be able to get your money back and more very easily if you know how to e-whore.

I GUARANTEE this is nothing used on this forum or any of those useless e-books you will buy that will only give you saturated traffic. This is a extremely unsaturated source ready to be e-whored.

Method

For people interested in purchasing the traffic METHOD with full support.

How does this work?

I will sell you my method to this unsaturated traffic source. I will supply a pdf along with 1 on 1 support to get you set up and to be able to use this traffic source all by yourself. I will teach you everything you need to know to access this high quality source and how to spread it to your e-whore.

This is INVALUABLE as you will constantly be able to bring unlimited high quality traffic to your e-whore. Like I said before I have been e-whoring a very long time and I know what good traffic looks like. I know in the past there have been [BRAND NAME REMOVED] methods that have sold for a good amount and I think my method is even better then [BRAND NAME REMOVED].

If you know how to e-whore you know how valuable it is to have an amazing traffic source because theoretically you can infinitely e -whore it and make your money back. I know the worth of this thing and I am not here to sell you some crap like all the e-books on this website. This is the real deal.

Price:

\$200 BTC for the full method in written + 1 on 1 support.

I promise to supply a method that provides unlimited high quality e-whore traffic. I also promise to provide unlimited support and to be there for you when setting up your traffic source. It is fairly straight forward after all but I will be able to help you at every step.

The price of \$200 is set because as I said before it is very easy to make your money back if you are an experienced e-whore. 2nd I do not wish for the method to be saturated. I honestly have not seen this source across any forum I have visited and I understand by starting to sell it then It will begin to be saturated. For this reason I am selling the method at a price point of \$200 BTC for each copy and at a max of 5 copies.

You are probably wondering, if the method is so good why would you sell it? Well to be honest I am starting a career now and I do not have the same time to be able to put in enough effort to e-whore. I am working full time and it is just not doable. I have e-whored for a long time and I made a great amount of side income through e-whore.

Note:

By purchasing the method you are agreeing upon keeping the information withheld to yourself and to not be spread with anybody else. I will pursue full actions on hackforums to get you banned if you are caught spreading my method.

Purchasing:

Now, I understand that my profile is not deemed to be "trusted" since I am newer to HF. For that reason I am willing to give out 1 vouch copy. I don't really feel comfortable giving out the method simply because I understand how fast stuff can spread. Perhaps to one very very trusted user who has a presence In the e-whore community I can give out a vouch copy. I will give a vouch copy to the traffic source to again a very trusted user who I deem trustworthy and someone who will leave a detailed vouch.

Otherwise for any other deals I will use any MM on hackforums and of course all trades will be done through the contract system. I am here for partnerships and to make money together! I guarantee what I am selling is better than ANY of the methods being sold on this website that are just being mass bought and saturated. Don't waste your money and invest into something that will actually return ur money.

I look forward to doing business with the e-whore community on HF! Please PM me to purchase or if you have any questions! ?
