Thread: [\[HOT\] Bitcoin Method - Easy \\$50-\\$100 per day \(completely whitehat\)](#)

**blkchain** - September 3, 2020, 7:27 am

No need for a fancy thread. Let me get straight to the point.

I started using this method on September 1, 2020 and got results the very same day.

This method requires manual work but guarantees consistent earnings of at least \$50-\$100 per day once you take action.

The payout is in Bitcoin.

You can get paid every single day once you reach the requirements.

It definitely works worldwide.

The more time you invest into this method, the more earnings you will get.

Special discount - 50% OFF for the first 5 buyers.

What do I offer?

- It does not involve affiliate marketing, No E-commerce, Facebook ads, Google ads, Reddit.
- A completely whitehat work. Nothing that will get you into trouble.
- It is scalable.
- You can automate it.
- 1 on 1 mentoring until you are earning Bitcoin.
- It is very easy to do.

Requirements:

- Zero investment but you can invest to earn more.
- Bitcoin wallet to receive payments
- Internet connection
- Mobile or Desktop computer
- Discord account
- Bitcoin basic knowledge

I only give discounted copies of 50% off for the first 5 buyers.

The price is \$100.

IF YOU IMPLEMENT THE METHOD AND DO NOT EARN I WILL GIVE YOU TWICE YOUR MONEY BACK!

Don't hesitate to contact me if you have any questions, or would like to purchase. you can send me a DM. I'll even consider 2 vouch copies to reputable members as I understand I am new to the forum and don't have any rep yet.

If you're giving out vouch/review copies I'd be happy to review it for you.

I received vouch copy for this method. OP explained exactly how this method works. I didn't try that method as it requires an account in a specific forum that I don't have right now and it would take lot of time to make it. Although if you really spend time on this method, profit can be made. I think that it worth the price of 80-100\$ if you really spend time on this. I doubt that you'll be able to make 100\$ per day with that method but a decent 20-30\$ can be made, it's 100% related with the work that you'll put in that method.

You know you are selling my method, which your friend leaked to you and sold in BBHF without my permission. I will kindly request you to remove this thread, thank you !

I'm interested in vouch copy if it is still available

No point in taking it. I already contacted the user sending the payouts and warned him about what's going on. This method is my personal and these users are trying to sell it behind my back on not just 1 but 2 forums already, yet I found out pretty fast
