Greetings. Selling my personal Fortnite / EpicGames account since I don't have time + lost interest in the game. The account is from season 2 (1 month after game was released), and it has many exclusive skins. Also 750 V-Bucks on it. My personal acc so no chance of losing it.

93 solo wins (13.5% WR)

Also has 750 V-Bucks and tons of dances.

As mentioned, I'm looking for \$25 in either BTC or PP or 60% market CSGO skins.

Kind regards.

I'll sell this for only \$30 if anyone is interested. Shoot me a convo or start contract.

Lowered the price from \$35 to \$25, get this lovely account with good stats and low level to keep winning while you still can!

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first

post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

I'll give this up for \$20 if you get it this week. Spent a great amount of time and money on it. Great account for smurfing or for personal use.
