Is having an android phone essential with ewhoring? I tried ewhoring with a shitty laptop that can't handle emus and i've got iOS that I don't want to jailbreak.

Why do you resort to mentally debilitating yourself to make money? Dont act like pretending to be a woman for desperate losers doesn't affect your psyche

Yeah, you shouldn't look at gambling so positive. You'll make the 2k, gamble it, lose it, then start back here bragging about being a whore online, when you're actually a man pretending to be one. Sad, and pathetic.

How did you get your shit together?

Also what can you tell me about the social engineering part?

I'm guessing you use snap so you just say buy my premium and it's a number's game?

Do you ever use kik or whatever or platforms are out there? Is it the same? How so?

Thanks

I looked at videos and articles about elon musks work ethic. I had many ideas but since I spent more time thinking about what to do next I wasn't doing anything at all. elon musk put all his money in paypal before expanding to tesla and space x. I stopped multiple traffic, and just focused on one. once I got that going THEN I scaled up.

social engineering isnt social engineering its just like small talk like u would at a gas station with the clerk.

they say how are you, good how are you, where did you add me from, so whats ur name I see ur snap name is _____. oh yeah I like trucks thats why. super cool! my dad has a f150, but never lets me drive XD. he doesnt know I had some [BRAND NAME REMOVED] dates in it though. oh woww youre so naughty. Imaoo yeah anyways if u want my prem.

I never used kik a single day in my life.

Where do you get all that traffic from and what's the average conversion rate you're getting for your premium?
