Thread: [\[FREE\] SITES FOR KIK TRAFFIC](#)

DigiProfits - September 12, 2020, 2:01 am

I use these sites:

<https://socialfinder.app/>
<https://www.sextingforum.net/>
<https://kikfriender.com/>
<https://www.sextingusername.com/>
<https://www.kiksexting.com/>

If you really want to get into kik ewhoring I recommend you to buy top ups on socialfinder, that's what I do.

However keep in mind that the traffic is pretty LQ, but it's still possible to monetize it.

When it blocks me I simply switch my VPN server and it should work. I recommend you to use other sites though.
