God I hate people like you.

"Don't hate the player - hate the game"

Anyhow, people like you are destroying something that was once more or less trustworthy. Now thousands of scam artists with 4.x star reviews are selling their bullshit on amazon. Thanks.

sandmanz - September 15, 2020, 9:01 pm

Hey, please send me a PM. I'm looking for reviews for a item.

Thanks

BTB™ - September 15, 2020, 10:59 pm

Is it valid worldwide?

Cheers.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

So we don't get anything in return except for the item(s) we're told to purchase? No monetary incentive?

It's a good way to get into legal trouble. This is illegal. You'll also run the risk of losing your amazon seller account. Not worth it.

If Amazon catches you doing this, you simply lose your ability to review items. You're not losing your account or going to jail lol
