Thread: [\[EXPOSED\] GUY RESELLING MY EBOOK THAT IS 3 MONTHS SATURATED](#)

3urope - September 17, 2020, 8:26 am

So after many months I logged on this forum, viewed the marketplace section and found this thread:

Code hackforums.net/showthread.php?tid=6109392

This guy @? ??G??oy ? (UID @184952) added me to his ignore list (PM me for proof).

So who am I? I sold this guide on another forum through this website godly-earnings.ga, you can still check out the thread on cracked forum and I can still access the shoppy profile I linked to my banned cracked.to account as a proof. The guide is from 80% saturated and that's why I want to ask for your help, if you still read this please report that thread.

If you want to get that guide for free, just send me a PM and I'll send you the download link.

He probably thought you were dead or something so he is selling your method which is Saturated already.

as if any ebook on hf isnt shit and unsaturated lul

also idk if you are allowed to link to those places or not

could probably make a market alert if you wanted
