Does registering on Azure require an ID verification or not?

You need to verify with a Phone Number I guess. But there are services available like Autofications to do that job.

Unfortunately, at present these emails cannot be used to avail google drive offer.

Although, you can have 1 TB of Storage with Onedrive.

I paid like 12 hours+ ago but sad thing is the BTC transaction isn't yet confirmed and I haven't yet received the emails.

Also, you should include it on the thread that minimum amount to purchase is 2.

For like 2-3 hours I had minimum purchase of 2 coz of ETH Fees as they weren't confirming and the AutoBuy site was keeping funds with themselves for quite a lot of time.

To avoid that issue, I removed ETH Payment Method and changed minimum to 1. Looks like you bought in that 2-3 hours window.

The sad thing is the transaction got 0 confirmation as of now.

However, I bought it yesterday using BTC.

That is something which isn't in my hands. How much fees you paid with BTC ?

Looks like you paid a very less fee.

Yeah tbh because this is the second time it had happened with me. The same happened with me years ago but I thought it ain't going to happen again so made the transaction with Regular fees.

You have to wait either the transaction gets confirmed on Blockchain or get cancelled and funds ate

sent back to your wallet.

I received a @mail.com email and not an .edu email.

How am i supposed to use this @mail.com email?

Usually, when i buy .edu emails (and i bought a lot already), it's literally .edu and comes with the username and password for the student account.

Please let me know, Thanks.

edit:

i logged in the @mail.com email that was provided and there is still no info inside it about the .edu email credentials.

???

Guess I had the similar problem. I just received the product day before yesterday and I checked it yesterday but I wasn't able to login saying that I've to enroll again or something similar. Let me know if I've to send you order ID or anything else.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.
