Thread: [\[HELP \] How to configure Files grabber in AZORult](#)

elpazzo1 - September 22, 2020, 10:52 am

Greeting to all the members

it's my first post here and I wish to found the right answer

i just tart using AZORult and I know that he have a strong file grabber option, so if anyone here can tell me the right way to configure that

I did try few configs but I didn't work it out

Name: what I put here (I tired TXT and DOC but not working)

Path: how to set the path (I try Desktop)

Mask: and how to give the right mask (?????????????)

Max size:

10

Subfolders processing:

Shortcuts processing:

Exceptions:
