The site seems High quality and legit looking at the pictures, explains the high price.

Would say the price is reasonable. Good luck with sales.

Hey c0rex,

there are many different methods. You have to be creative.
But of course I will help you, too.

For example ...

You can start with oldschool YouTube Spreading.
Or you can book Google Advertising on a large scale.

It's all about Traffic and "Online Marketing".

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Posting here for future reference.
Pages are super clean and well laid out.

The price is a bit much for users who aren't able to afford top-tier templates though.

HAD3S - October 8, 2020, 3:34 am

After a test phase and a few sales, i have now adjusted the prices to the demand.

New prices:

All Main Pages + all Moduls without setup & support = 110\$ | instead of 300\$ | -63%

All Main Pages + all Moduls with setup & support = 140\$ | instead of 350\$ | -60%

I'm looking forward to your messages! ?

Yo I have been dealing with Had3s and I must tell you that I am more than satisfied.
Really everything was perfect.
Already, communication level Had3s is a great guy with a very good relationship.
He seeks to understand your needs and adapts and offers the best things for you ...

In terms of the product and the work itself, frankly nothing to say, except that he does everything from A to Z and the result is very surprising!

The quality of the site is superior!

Everything is really as advertised, no bad surprises and in addition it does it very quickly ...

He even helps you with the spread and gives excellent advice.

For me this service at this price and really excellent and I'm sure it could ask for more!

Really good job, speed, communication at the top and very responsive support, I recommend this guy x3 !!!

Had3s keep it up and thanks for this wonderful work bro!
