Thread: [\[FULL AUTO\] #1 INSTAGRAM BANNING SERVICE | BANGRAM > FAST AND CHEAP | TRUSTED <](#)

QRK_ - September 24, 2020, 10:56 am

Only part that won't be auto is placing an order since I do not have the Vendor UG so I can't use auto-buy.

After payment, @ chosen will go inside my bot, which will ban the account, usually takes <30 minutes after this but in some rare cases it may take up to 24 hours.

Requirements are: account must have an human profile picture.

3 vouch copies left to claim

0-999 followers: 8€
1-3k followers: 15€
3-5k followers: 20€
5-7k followers: 30€
7-9k followers: 40€

BULK ALSO EXISTS UP TO 50% OFF

Accounts may be unbanned if owner provides ID proof to instagram.
If that happens, a free reban is offered or a free 0-5k ban, once per order.

I'll take a vouch, and will write a review if you want.

I'll take one of the vouches if this is still going, may want to have a few banned in future.
