Welcome to the #FOREVERCRYPT online service

Here you can buy services for the crypt (encryption) of your files {{.dll \ .exe \ .apk}}

- Online crypt when you need it, at any time, in any weather and even when there is no access to the pc

- You will receive the finished file within 5 minutes after sending the file for processing
- The service works 24/7 and accepts your files indefinitely
- We give 100% guarantee that you will receive FUD (0 detections) file
- The service works with all types of files {{.dll \ .exe \ .apk}} \ x32_x64
- We always monitor stable stability and update at the slightest detection
- Low prices for quality crypt of your file
- Each client gets a unique assembly of his file \ No common crypt and similar game
- We use a self-written stub
- No dependencies

After you have submitted your file to the service for processing, you will receive a full-fledged working file on which there will be no detections + File signature

More detailed information on the cost of services, etc. look on the website

Also on the site you can purchase a 30-day subscription to crypt files .exe and .apk

Payment in the service only Bitcoin

Service cost from 35\$

Service link: (update 12 hours)

Ok

LEGIONUSA - September 30, 2020, 10:42 pm

Telegram BOT: @nanocrypt_bot

Automatic crypt your files

hombregordo - January 21, 2021, 12:39 am

Can anyone vouch for this service? Would be great to hear from a trusted member :-)

Ufopw - March 31, 2021, 10:43 am

Sir new telegram or discord adress pls

arnavverma8080 - April 15, 2021, 12:02 am

I want your service on monthly basis. pm or share your discord skype or telegram account

Chomolngma - August 1, 2021, 5:17 am

HiddenRoot is not answering anymore, so you could have the choose to became a new trusted member or a scammer.

Can't see any positive feedback yet, so if you want I can test your service for one crypted apk

Let us know if you are still in

veeinz - August 8, 2021, 11:20 am

is this a real crypt service or a scam? any updates

myxhacka - *August 17, 2021, 10:54 pm*

He couldn't even tell if it's native or .net crypter.

V y r e z z - *August 23, 2021, 12:47 pm*

Can you give more info about encryption method?
