Thread: [Unity Crew - Recruitment & Buy-in Thread](#)

LoRemIpsum - September 27, 2020, 3:28 pm

Unity Crew Official Thread

The Unity Crew isn't part or affiliated with the Unity Group. I made this Syndicate Crew because I wanted a place where (new) members can join / unite together and be part of a Crew with other HF members that are all equal! Any member can join, new members, L33t, Ub3r, V3ndor and so on. Nobody will be better or worse than anybody else in the group.

I will eventually create a Discord group for it, to chit-chat and ask HF related questions such as rules or thoughts.

A big thanks to my man [Changement](#) for designing all of the Unity Crew art!

For now, I want to welcome you all to the Unity Crew!

What is the Unity Crew?

Simply. A quality Crew of individuals, uniting together. I strive to an equal group of members that help each other and enjoy their time on HF. There will be a Unity Discord, Special Giveaways / Contests and more.

For now, anybody that wants to be part of the Unity Crew can apply for it or Buy-in for a period of time.

Perks Of Our Unity Crew & Discord

Why did you join HF? My brother introduced me the first time in 2011, and little me was looking for some Habbo hacks and a community to connect to that had the same interests as me.

Do you want to Buy-in or Apply? Apply

Why do you want to join this Crew? Looks like an honorable crew with a set of good values and intentions on this forum which I enjoy and like. I also value seeing you as the owner as I think you are HQ and will run the crew with good care and manners.

Do you agree with the requirements below? Yes

Do you have any questions for me before you join? Thanks for reading and kind regards.

Why did you join HF?: I joined HF to learn ways to make money without an actual job as for personal reasons I couldn't get one at that time, that's when I discovered eWhoring and I was hooked. Now I make more in a day from eWhoring than people my age make in a week or so.

Do you want to Buy-in or Apply?: I would like to apply for this group!

Why do you want to join this Crew?: I would love to join this group to help contribute to its success and growth in the future as I can already see bright things for this group. I already known Lorem is going to be an amazing leader and I would love to be a part of this experience.

Do you agree with the requirements below?: Yes I agree with the requirements.

Do you have any questions for me before you join?: No I do not.

Thank you!

Why did you join HF? Prior to joining, I was a large vendor on a separate forum involving Blackhat SEO. I still operate there to a lesser extent, but for the sake of preserving HF's TOS, I won't mention the specific forum name or my alias there. After being a member there for many years, I decided it wouldn't hurt to also join HF since it seemed like a very active community and had a lot of great resources for coding (I figured this would be very beneficial for me due to my career path); as well as a more relaxed and laid back atmosphere, with less advertisements in your face.

Do you want to Buy-in or Apply? > Honestly, I don't really care. However, in this day and age every cent counts. If you deem me worthy of joining without wanting me to buy in, so be it. If not, we will

cross that road when we get there.

After being a member there for many years, I decided it wouldn't hurt to also join HF since it seemed like a very active community and had a lot of great resources for coding (I figured this would be very beneficial for me due to my career path); as well as a more relaxed and laid back atmosphere, with less advertisements in your face.

Do you want to Buy-in or Apply? > Honestly, I don't really care. However, in this day and age every cent counts. If you deem me worthy of joining without wanting me to buy in, so be it. If not, we will cross that road when we get there.

Why do you want to join this Crew? > I would love to build up more connections and get to know more like-minded, intelligent individuals who can relate. Not just for business related reasons either, simply just getting to know people who share the same interests as you goes a long way.

Do you agree with the requirements below? > I do.

Do you have any questions for me before you join? > Nothing I can think of at the moment.

Thank you for applying. I sent you an invite to the Unity Crew!

I will close this thread temporarily Friday, as I want to keep 1 or 2 spots open for Buy-in.

Good to see people applying, this is for sure a unique crew with a lovely userbar as well.

People should take this easy opportunity and go for it while they still can!

I am in no rush to recruit more members or even wishing it to be full immediately :-)

I checked your profile, but I don't think you would be a great addition to the Crew.

The (old) open disputes, the application and your posts are not really outstanding. You can always Buy-in for \$10 for 1 month or re-apply in 30 days.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small 7yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
