What do you think on this man?

Conor McGregor is an absolute beast, I will admit that.

Furthermore, Mayweather needs to get in the Octagon and see how he fares against his opponent then.

The editing on that video is actually hilarious, in regards to Conor though I think hes pretty cool and isnt someone I'd ever want to mess with.

That was not what I was expecting that video to be lmao, that was pretty damn good. Figured it'd have something to do with him tweeting screenshots of his and Dana Whites DMs on twitter the other day, which was also gold. McGregor is just one of the biggest trolls in UFC but now he's kinda just getting out of hand.

He is a beast, i heard that he gonna fight Pacquiao next year and it gonna be an insane fight if its true!

Cooligan - September 30, 2020, 7:06 am

Some of those edits were pretty damn funny lol.

I love McGregor, it could be the bias Irish in me or my actual love for the guy himself, but I guess I just relate and enjoy someone that's cocky but who can actually back it up. Not many people out there who can do both.

Side note: If Conor and Floyd fought in a UFC cage and not a boxing ring, Conor would've absolutely mangled Floyd lol.

What is he doing lately that's been getting out of hand?

I'm out of the loop lol.

I like Conor's style he is very entertaining to watch especially his press conferences where he takes the piss out of his opponent. He is also a good fighter but not elite he has been picking his fights and

Khabib showed him what it is to be an elite fighter. Still looking forward to his next fight which might be Dustin Poirier but you never know with Conor.

I love the guy, he's filled with charisma and character, which I really think these sports need.
Most people these sports are the same and quite boring.

OBAMASELF - October 2, 2020, 9:56 am
