Thread: [Getting negative rep](#)

WHG-1.0 - October 4, 2020, 1:12 pm

I don't know why upgraded members are trying to bully me here and giving me neg reputation. I have never interacted them or know them. Any idea?

HF does not have a reputation system.

Popularity can be given for any or no reason at all. If you want to know why someone gave it to you, ask them. Creating threads that come off as whiney is not productive.

Nothing you can do except ask the people why they left the rep and see if they can reconsider.

Shouldn't have to worry too much about it, B Ratings are the only thing that matter

Surely must be a reason for them to leave it though? If you are confused or frustrated you should PM / Convo them and ask for a reason.

I asked but they decided not to reply. Anyways! I think its better to ignore as members suggested here. I was feeling pissed off that time but much better now. I am really thankful to all of you for making me understand that only B-rating matters.

I never got a PM/convo from you, what do you mean? It was never my intention to hurt your feelings.

Popularity means nothing, you shouldn't grieve. I'll fix it..

Well, just look at it this way those negative ratings won't affect you because it's your B-rating that really matters.
