Parrots are absolutely fucking amazing creatures.

indeed!. Not sure yet but i'm 100% getting one. I have a cat as well but i doubt it'll be a problem, she's very chill.

If possible, try to get ahold of an African Grey Congo.
They're beautiful, although they're only grey black and red with smidges of white.
But they're super intelligent - and they'll keep you on your toes.

But if you get a parrot you need to teach him how to cuss

Doom - October 5, 2020, 12:15 pm

That video is hilarious haha, if I ever got a parrot I'd teach it to always reply with Fuck off.

Dule74 - October 5, 2020, 2:18 pm

Parrots are cute. When I was younger, I always wanted one, until I realised my family didn't even have enough space for me.

Klonopin - October 5, 2020, 2:20 pm
