Thread: [Minecraft Cape](#)

So I started thinking about the Minecraft festival that is happening in fall of 2022 (unless we are all dead of course).

I'm sure that most of you know that you will be getting a cape for both Java and Bedrock edition of the game if you attend.

I personally live in EU so there is no way that I will be able to fly to the states to attend but I still want to have a cape.

I read on some other forums that the capes that Mojang has given away in previous Minecons have been sent via email to the people who purchased the ticket.

Would this mean that I could purchase a ticket and not attend but still receive the cape via email?

It seems to me like this would be the case in their clause.

It sounds like even the people who purchased tickets but weren't able to personally attend were able to receive their capes.

Thanks for the info bud!

I'm pretty sure you can get the goods if you attend it virtually.
